**4%**

**Fundraising**

**1%**

\* Includes value of in-kind donations.

All numbers are preliminary and subject to change.

## Our Community is the Key to Our Success

We are often asked, ‘**Where do we get our funding?**’ Our answer is always the same: **our community**. That astounds and surprises most people. What about government funding? No. SHARE has never accepted funding from federal or state governments, except for a small grant received at the beginning of the pandemic. As we have grown and needed more resources to continue, our community has always stepped up to help us.

We see the fraying of our government safety net. Once again, we see our community members, churches, and more, rally around us with many donations of time, food, gift cards, and money—all unsolicited.

We are proud to be part of the Souhegan Valley—a place where people genuinely care about one another. A place where people understand the needs of others and act. For 47 years, the community has been what propels us forward.

**We are grateful that our community supports us in this vital work.**  
Thank you.
